

What To Expect With Your Order

When ordering plants from Four Star, a Proven Winners® propagator, you will receive the following in addition to your plants:

Tags

Each liner* ordered from Four Star will come with a Stick Tag specific to the plant ordered. Tags contain a mixture of home gardener growing information and the legal information necessary to sell each variety.

If you choose Tag Exchange for your large container orders, your tag quantities will reflect the exchange rate of Stick Tags to extra-large Container Tags.

*The only exceptions are Bundled Combination Kits and 465 ct trays of *Begonias*. Bundled Combination Kits come with 42 combination-specific tags and 465 ct *Begonias* come with one bundle of 72 tags.

Branded Containers

Select Proven Winners varieties automatically ship with branded containers to help these high-demand varieties stand out on the benches and help gardeners locate them easily.
