

H2Ohhh!™ Self-watering Containers

These self-watering containers combine soil, nutrition and plants to produce beautiful combinations that will last through the season. Enjoy the benefits of watering these containers only once every two to three weeks.

Advantages include:

- Saves time
- Saves labor
- Keeps plants healthy with limited water

Paris

Perfect for the home gardener

- Lightweight
- High-gloss finish

Rochester & Vancouver

Great for commercial installation

- Durable double-wall construction
- Water gauge
- Drainage spigot

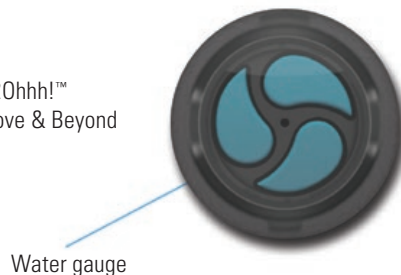

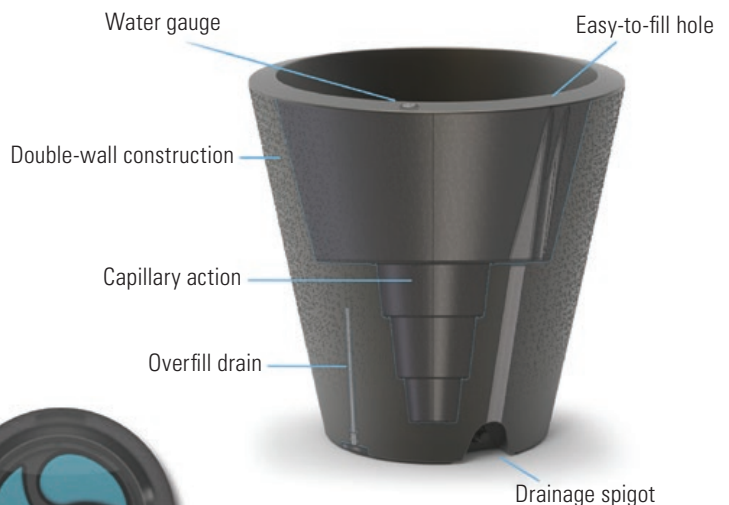

Paris H2Ohhh!™
featuring Florentine

Vancouver H2Ohhh!™
featuring Lilac Festival

Rochester H2Ohhh!™
featuring Above & Beyond

Water gauge

Rochester and Vancouver self-watering containers are preferred by landscape and commercial customers.
