# 2020 Sneak Peek

# Name Changes

## Supertunia® Charms become Supertunia® Mini Vistas

You've always known these charming *Petunias* to be great performers, but now their new name will remind you that they are a favorite landscape variety. Supertunia® Mini Vistas offer the same vibrant colors and long-lasting garden performance as the landscape series, only on a smaller profile. These diminutive darlings bloom all season.

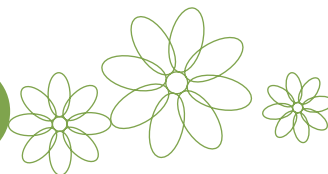

**SUPERTUNIA® Mini Vista Pink Star**  
*Petunia*

Supertunia® Mini Vista Violet Star	Supertunia® Violet Star Charm
Supertunia® Mini Vista White	Supertunia® White Charm

## Superbells® Compact become Superbells® Tabletop

Introduced at Spring Trials as Superbells Compact, these varieties quickly took on their formal name Superbells® Tabletop *Calibrachoa* for their tightly branched and strong flowering habit, perfectly sized for small containers.

## *Ipomoea* Tip Cutting Program

Key Account growers will be able to take tip cuttings off of all Proven Winners® and Proven Selections® *Ipomoea* varieties during the 2019-20 season.

In order to participate, Key Accounts will need to:

- Inform Four Star that they plan to participate in this program
- Pay the "LMT" fee
- Order branded containers for all of the tip cuttings

No minimums or maximums apply, but all orders should be in increments of 104 cuttings.

## New Combined Volumes

Bronze and Silver volume status can now be achieved by combining liners purchased from multiple brokers. While we have always extended this courtesy to our Gold Key growers, we decided all Key accounts should benefit from the same quantity breaks, regardless of how many brokers they order from.

The merging of orders will also extend to container suppliers. Customers who place their order directly through Four Star will enjoy the discounts of combined volume through Four Star suppliers. If ordering directly from the vendor, vendor pricing applies.

## Branded Containers

Four Star will be offering Co-Ex Grande™ containers to all growers next season.

In 2020, these varieties, which had previously shipped automatically with branded containers, will no longer automatically ship with branded containers:

*Cleome* Pequeña® & Señorita®

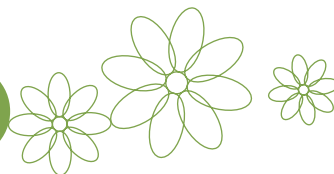

*Petunia* Supertunia® Picasso In Purple®

# Proven Harvest™

## Fire Away™ Hot and Heavy Pepper (*Capsicum*)

This compact hot pepper packs a sweet and spicy punch into attractively colorful fruits that start green, then mature through yellow, orange and red shades. Strong resistance to Blossom End Rot adds to the appeal of the first Proven Harvest™ pepper.

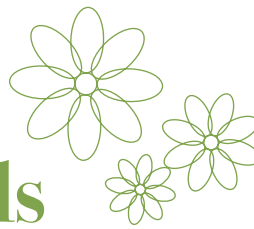

## Goodhearted™ Tomato (*Lycopersicon*)

A flavorful heart-shaped tomato best suited to growing in upright containers and hanging baskets. Juicy fruits appear abundantly on sturdy plants and are extra-sweet.

# Proven Winners® Annuals

## Campfire® Flame

*Bidens*

Densely mounded, more compact habit with improved powdery mildew resistance.

## Goldilocks Rocks®

*Bidens*

Mixing well with other medium-vigor varieties in recipes, the improved genetics of these *Bidens* produce larger, sunfast, true yellow flowers.

# Proven Winners® Annuals

## Heart to Heart™ series

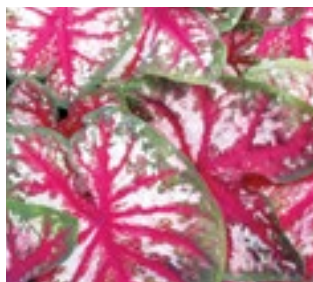

### *Caladium*

Tropical plants are trending strongly in the market, so it's the perfect time to bring *Caladiums* into your product lineup. Breakthroughs in breeding have resulted in new color patterns and shapes, increased disease resistance and sun tolerance, and season-long color. Growers will appreciate bulbs arriving painted and de-eyed for easier production and a better habit.

All Heart to Heart™ *Caladiums* automatically ship with our white branded container.

# Proven Winners® Annuals

**Essential!**

## **Superbells® Blackcurrant Punch™**

*Calibrachoa*

This new variation on Blackberry Punch™ is a real knockout. It has excellent disease resistance, an early bloom time, large, visible flowers, a dense habit and vivid coloration.

## **Superbells® Watermelon Punch™**

*Calibrachoa*

Larger, more brightly colored flowers make a juicy favorite even better for an easy swap out for Coralberry Punch™ in recipes.

## Superbells® Tabletop series

*Calibrachoa*

Requiring less water, these tightly branched, early blooming *Calibrachoa* are ideal for smaller containers. Additionally, they need less deadheading than other compact market varieties.

**Superbells® Double Blue**

**Superbells® Double Orange**

Four Star Greenhouse • [pwfourstar.com](http://pwfourstar.com)

**Essential!**

## **Superbells® Dreamside®**

*Calibrachoa*

New genetics have improved the flowering and habit on this variety. Larger, more vivid flowers bloom earlier on a tighter, better branched structure.

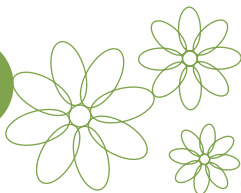

## **Superbells® Honeyberry™**

*Calibrachoa*

Vigorous home gardener performance with large flowers that appear early in a trending color for pastel or vintage style recipes.

# Proven Winners® Annuals

## Silver Falls™

*Dichondra*

Small, metallic leaves on long, silvery stems flow like a waterfall and glisten in the summer sun, making this an essential spiller for combinations.

## Diamond Snow™

*Euphorbia*

To make our double-flowered *Euphorbia* easier for growers to use in recipes, we've replaced Diamond Delight® with this sturdier selection, whose habit and vigor are like Diamond Frost®.

Essential!

## Suncredible™ Yellow

*Helianthus*

Powdery mildew resistant, this *Helianthus* has everblooming sunflowers covering a bushy habit, summer through fall.

**Essential!**

## Heat It Up™ series

*Gaillardia*

Produced vegetatively, both colors are more vigorous and uniform with increased disease resistance. Being earlier to flower adds to the extremely long bloom time.

Heat It Up™ Scarlet

Heat It Up™ Yellow

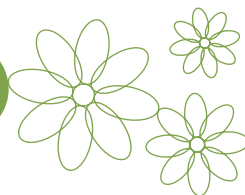

## Rockapulco® Orange

*Impatiens*

Flashy orange, double blossoms that resemble miniature roses appear prolifically from spring to frost, and there is no deadheading.

# Proven Winners® Annuals

**Sweet Caroline Red Hawk™**  
*Ipomoea*

Featuring richer red color with superior color retention in full sun, improved vigor and rooting, and a more mounding habit, this new cultivar behaves well in recipes.

**Patti's Pink™**  
*Isotoma (Laurentia)*

The perfect companion to Beth's Blue®, Patti's Pink™ has the same look but with slightly larger, pink flowers for a unique accent plant, or drift of color in the landscape's mass planting.

## Luscious® Goldengate™ *Lantana*

With no seed set, this large, densely branched, upright *Lantana* blooms all season with golden yellow flowers that don't need deadheading.

## Aromance™ Pink *Nemesia*

Large, intensely fragrant, bright pink flowers appear early and hold up through the summer heat and rain.

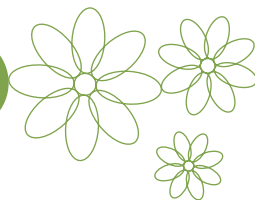

## Sunsatia® Cranberry Red *Nemesia*

With greater flower coverage, neater habit and sunfast color, this improved Sunsatia® matches Sunsatia® Blood Orange™ for vigor and habit.

## Supertunia® Raspberry Rush™

*Petunia*

Destined to be a top seller, this dynamite Supertunia® has major impulse appeal. Raspberry-pink and white patterned blooms flower early and last all season without deadheading.

## Supertunia® Sharon

*Petunia*

Supertunia® Sharon is the best double-flowered *Petunia* we've trialed. A self-cleaning nature allows the plant to avoid botrytis issues and deliver phenomenal garden performance all season.

Four Star Greenhouse • [pwfourstar.com](http://pwfourstar.com)

**Essential!**

## **Supertunia Vista® Snowdrift™**

*Petunia*

Everything you love about Bubblegum® but in snow white.  
Huge, vigorous, wide spreading plants are blanketed in  
self-cleaning flowers early in the season.

## **Supertunia® Mini Vista Indigo**

*Petunia*

An improved performer in containers and landscapes with a dense, rounded habit, this Mini Vista blooms early with dark indigo flowers that transition through stunning purple hues.

## **Charms become Mini Vistas**

You've always known these charming *Petunias* to be great performers, but now their new name will remind you that they are a favorite Vista variety. Supertunia® Mini Vistas offer the same vibrant colors and long-lasting garden performance as the landscape series, only on a smaller profile. These diminutive darlings bloom all season.
